## Club Membership

Pink Turban welcomes people from all walks of life, which is part of its uniqueness. Quite unlike the starchiness of so many other private members clubs, Pink Turban is a place to enjoy leisure hours or the perfect arena for a working day.

In tune with the contemporary moment, mobiles and laptops are not banned and there is no restrictive dress code – the only rule of the House being that 'nudity is discouraged!'

The special synergy between staff and members is at the heart of the Club's growing magnetism and success and we constantly strive to strengthen this. Part of becoming a member involves meeting with one of the enthusiastic and well informed membership team for a comprehensive tour of Pink Turban. Membership applications are considered monthly by the membership committee upon recommendation of the membership team.

There are no interviews, no board of selectors or esoteric initiation rites.
